## Dynamic Elegance

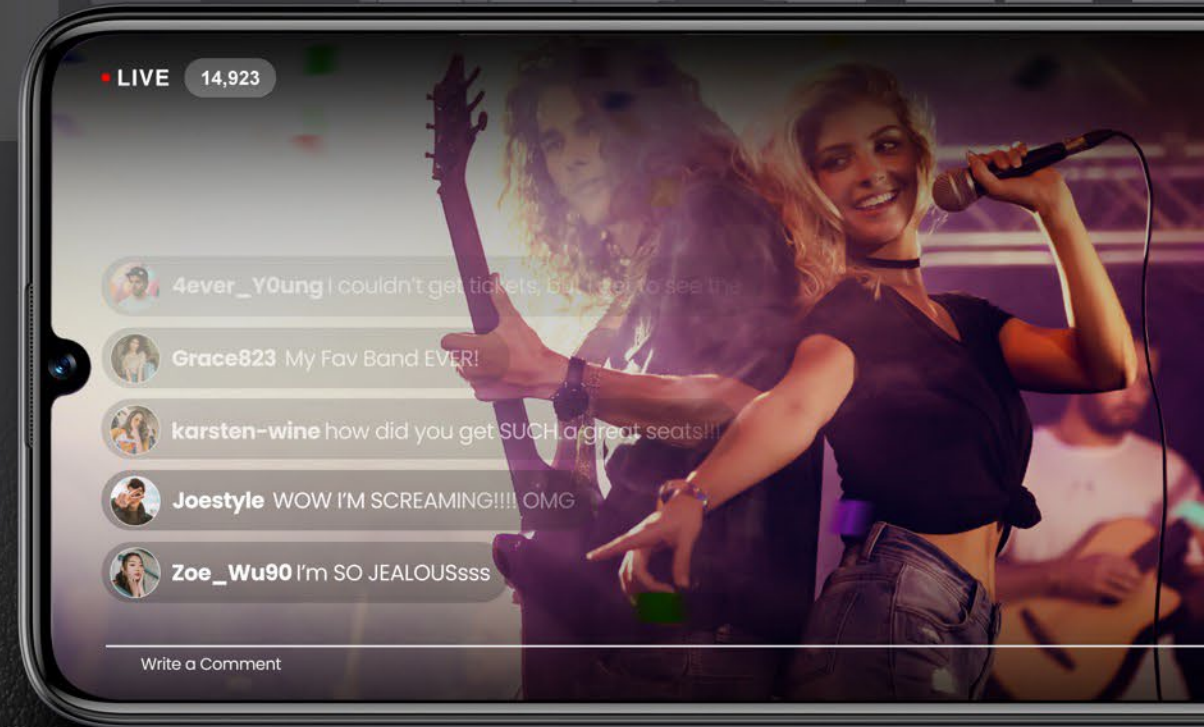

The **G73L** embodies sophistication, presenting a seductively tactile smooth texture with a premium leather back. The design achieves a harmonious blend of sporty and refined elements, guaranteeing that every detail is meticulously fashioned to captivate attention.

Available in Mint Blue, Orange, Gray, Green, White and Burgundy.

# Work Fast, Play Hard

The **G73L's** Octa-Core Processor enables smooth multitasking for those who enjoy gaming, streaming, and browsing on their phones without any slowdown.

**64GB** Internal Storage  
**2GB + 2GB Xtra RAM**

**XtraRAM** uses a portion of your internal storage for virtual memory, which can limit space for photos, videos, and apps. However, it may not perform as well as physical RAM, leading to potential performance issues with memory-reliant apps.

# Endless Sceneries

Watch videos and movies on the spacious 6.8" display for an immersive experience with impressive clarity and detail.

6.8"

# Express Yourself

Elevate your photography with the **G73L** and unlock the triple camera power to capture all your unforgettable moments.

**13MP** Triple Main with Flash  
**8MP** Selfie Camera

# Unlock Your World

Experience an effortless access to your smartphone by simply pressing your finger. The **G73L** guarantees complete security for all your essential applications and files.

**G73L**

G73L

A smartphone is centered in the image, displaying a battery icon at the top. Below the icon, the text "5,000mAh" is shown in blue and orange. The phone's screen also displays "3 Day Battery" in large white font. The background behind the phone is a composite image: the left side shows a full moon over a rocky beach at night, and the right side shows a sunset over a sandy beach with waves.

\* Battery performance depicted above is not 100% accurate and will vary depending on usage patterns, the strength of signal, network, device settings, battery condition, and temperature. The battery life claims depicted are based on user testing that includes device usage under optimal networking conditions.

## Android 13 (Go Edition)

The **G73L** runs on the Android 13 (Go Edition) operating system, specifically designed to power affordable smartphones with top-of-the-line features. This latest update emphasizes reliability, usability, and customization, ensuring that your **G73L** always delivers optimal performance and an unparalleled user experience.
